

EVERGREEN GRASS Mixtures 2002

SUPER-GRAZE

Permanent Pasture Permanent Grazing

- Designed for intensive grazing
- Will produce an excellent Mid-season silage cut
- Responds to high Nitrogen with excellent persistency
- Gives good early Spring growth

SET-A-SIDE Grass Seed Mixture

- Dense ground cover provides competition against weeds
- Similar heading dates to facilitate "Topping"
- "Pasture Type" perennials for less frequent "Topping"
- Suitable for grazing or conservation after set-aside
- Use short term or will persist over a number of years
- Suitable for undersowing or direct seeding

In the event of a variety not being available, we reserve the right to include the best alternative. The actual mixture will be shown on the label.
